

25X1

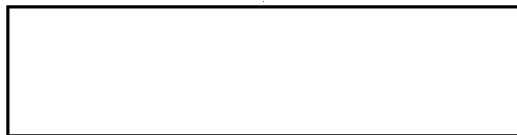

ADDENDUM TO JOURNAL  
OFFICE OF LEGISLATIVE COUNSEL

Friday - 3 October 1975

25X1

1. [REDACTED] SSC Took a call from Molly Dillon, of the Senate Select Committee staff. She wanted to see all of our Journal items written at the time oversight committees were briefed on involvement in Laos. She stated she wanted to compare our Journal items with what she got from the oversight committees. Apparently, all she got from the committees were brief statements without any substance. I told her to send the request through the Review Staff and we would take the necessary action.

9. [REDACTED] LIAISON Accompanied Carl Duckett, DDS&T, to a breakfast session with approximately thirty Senate Staff Directors. Duckett gave a short talk on the current situation involving the congressional investigations and their impact on the Agency and a question and answer period followed. Bill Miller, of the Senate Select Committee staff, who had been scheduled to speak to this group last week but who was rained out, attended the session today but made no remarks. Following the meeting, Bill Simpson, Legislative Assistant to Senator James O. Eastland (D., Miss.), called me to say Mr. Duckett had reinforced the position of "the believers" and had brought around a number of people who had previously been critics of the Agency.

25X1

10. [REDACTED] LIAISON Chuck Meissner, Senate Foreign Relations Committee staff, called to say he would be leaving next week for an extended trip to Europe where he will cover the Producers and Consumers Conference in Paris, the meeting in Bonn on Offset Agreements and International Monetary Structures, sessions in London on Coffee Agreements, and Multilateral Commodity discussions in Geneva. He said he was also interested in international wheat agreements and asked if we could have someone talk with him about the issues which could be expected to be raised at these sessions. He emphasized that he did not need to know the positions that the various participants would take, he is only interested in our assessment of the issues that will arise.

11. [REDACTED] LIAISON Saw Ralph Preston, House Appropriations Committee staff, very briefly and asked him if we couldn't schedule the briefing on the latest Presidential finding under the Foreign Assistance Act now that floor action on the Defense appropriations bill has been completed. Preston thanked me for reminding him of this and we made immediate arrangements for the Director to meet with the Defense Subcommittee on Monday at 10:30 a.m.

12. [REDACTED] LIAISON Walter Elder, Review Staff, called to say he had talked with Bill Bader, Senate Select Committee staff, about his letter requesting access to our OLC Journals over the past ten years. Elder indicated we could not comply with this request in this broad a form and made preliminary arrangements for us to attempt to pull together information on our briefings of congressional committees in another form.

25X1

13. [REDACTED] PLC) LIAISON Jim Michie, Senate Judiciary Subcommittee on Administrative Practice & Procedure, called to advise that David Rudovsky, the attorney for the Olson family, had called him and stated that the family has no objection to the Agency providing the Subcommittee the Olson documents. I told him that we would verify this with Mr. Rudovsky. I informed [REDACTED] OGC, of the call and he placed a call to Mr. Rudovsky. Mr. Rudovsky was not there and would have to call back. I subsequently received a call from Walter Sheridan, Chief Investigator, of the above Subcommittee, and confirmed with him that we would have to verify their call unless the Subcommittee wished to send the Agency a letter. He said they would rather not and said they would await our call.

Drady did also.

10. (Confidential - GLC) HEARING Late in the day, Mr. Elder called to advise me of a call he had received from William Miller, Senate Select Committee staff, indicating that at a meeting this afternoon, the Select Committee decided that Senator Edward M. Kennedy (D., Mass.) had a legitimate interest in obtaining the information on behavioral testing and related activities which he had requested from the Agency and, therefore, the Senate Select Committee did not propose to take any action with Senator Kennedy on the basis of the Director's letter yesterday.
